

Communication and Language

This week in school we will use vegetables to make the characters from the 'Supertato' story. We will use them to act out and retell the story. Think of the language heard in the story and what the characters might have said to each other. Example image below.

Understanding the World

In school we are looking at fruit and vegetables around the world. We will look at and discuss where our fresh food comes from, how it arrives in supermarkets and how we can make healthy choices. There are slides available to support this.

Physical Development

Mr Hathaway will be posting weekly PE activities for you to complete on our Google Classrooms.

In addition to this we will be working on our fine motor skills in school. We will be using tweezers to move the evil peas and rescuing fruit frozen in ice! Example images below.

Personal, Social and Emotional

Watch the following lesson online with Miss Vali. This week she is teaching us all about healthy hugs and how we can love and look after each other safely.

Expressive Arts and Design

This week we have a special music lesson for you to do with Mrs Wright. Follow the link below to access each part of the lesson.

Supertato

Home Learning Challenge

Draw a face on a potato to make your own Supertato! Take Supertato around your house to help out with some of the jobs, such as tidying your bedroom and putting away the dishes. What other helpful things can he do?

Use building bricks to make a home for your Supertato. Think about how tall and wide it needs to be to fit Supertato inside.

When making or eating a meal, discuss which parts of the meal are vegetables and which are healthy for your body. You could also make a healthy snack such as fruit salad or a fruit smoothie.

Look at all of the different fruit and vegetables you have in your house. Can you make any new superheroes with them? Such as The Amazing Asparagus!

Make jelly and add in fruit such as blueberries. Does your jelly taste like peas, like the one in the story? What does your jelly taste like?

Talk about what your name would be if you were a superhero and what special powers you would have. You could draw a picture and bring it into school.

Additional Home Learning Challenges for you to complete if you wish to complete during choose time.
