

### SATS preparation

We would like to remind parents of the importance of helping your child at home with preparing for the exams in May. Homework is imperative and should be done each night. It is important for children to be fully secure with times tables. Children should continue to learn their spellings each week ready for a test on a Friday.

### English

This term, in non-fiction, pupils will practise writing in a formal manner. We will be studying formal interviews and creating our own formal letters relating to current issues. We will then study stories with flashbacks in the second half of this term. Our new novel will be War Horse by Michael Morpurgo.

### Physical Education

**Netball** - pupils will develop their understanding of the attacking and defending principles of invasion games. They will learn how to maintain possession and move the ball towards goal to score. Whilst also learning the importance of fair play and honesty.

**Gymnastics** - pupils will learn how to sequence routines as part of a group: using different chorographic styles to formulate aesthetically pleasing arrangements.

### PSHE

**Safety** - In this topic pupils will develop first aid skills, including how to assist someone who is choking, enabling prompt and effective responses in emergencies. They will be taught to understand the effects of alcohol, drugs, and tobacco, and develop decision-making skills to resist peer pressure.

### Computing

**Introduction to Python** - Pupils will be taught that there are text-based programming languages such as Logo and Python. They will learn to use nested loops (loops inside of loops) and understand the use of random numbers and remix Python code.

### Music

For our music we will continue working with the Archdiocese of Liverpool school's singing programme to develop a range singing techniques.

### Year 6

### Spring Term I

January - February 2026

### Religious Education

**Sources - Unity** - This term we will be learning about the Bible, as a story of God's love as told by the people of God; and for Christians, communion has a significant meaning: to receive communion means being in union with Jesus Christ and with one another.

### Mathematics

This half term, we will begin by looking at Ratio: pupils will be taught understand that a ratio shows the relationship between two values and can describe how one is related to another. We will then move on to algebra: pupils will first look at forming expressions before moving on to solving more complex equations.

### Science

**Evolution and Inheritance** - This is a biology topic designed to reinforce and then build on pupils' knowledge of adaptations before exploring basic genetics and the threat of extinction.

### History

**Conflict and Resolution** - This unit is designed to expand pupil's chronological knowledge of British History beyond 1066. This unit will give pupils knowledge of the First and the Second World War as well as how conflict still continues in the world today.

### No Outsiders

This term, our students will embark on an enlightening journey through 'The Thing' by Simon Putcock. This book serves as a prompt for discussions on diversity and inclusion, encouraging our pupils to explore the rich tapestry of differences and embrace the beauty of individual uniqueness. Through this literary adventure, we aim to foster a deeper understanding and appreciation for diversity within our school community.
